

very much concerned in the pending suits and controversies affecting the establishment of passenger rates in the State of Virginia.

The railroad companies and their interests are entitled to the same rights and the same consideration that other persons and their property are entitled to no more and no less.

It is my earnest hope that this controversy may reach such a prompt and satisfactory solution as will be beneficial to all parties.

IN ACCORDANCE WITH THE COMMISSION. I have cordially co-operated with the Corporation Commission and their counsel in this matter, and am frank to say am in thorough accord with the commission with respect to their authority and their action in the rate cases.

With the approval of the Corporation Commission, I tender the following proposal for your consideration, and request a fair arrangement of the controversy by the supreme court of the United States.

I feel sure the acceptance of these suggestions would be regarded by the people of Virginia as an evidence of a disposition on the part of the railroads to have a speedy determination of the question.

NEW ORLEANS, La., August 3.—Another American proposition for the establishment of a permanent court of arbitration at The Hague, and one which will occupy a place in history to-day obtained a splendid success in the subcommittee which had the matter in hand.

While indications favor the nomination of Williams, the result, more than forty-eight hours after the closing of the polls, is set in doubt, and an official review of the vote may be necessary to decide. Dr. R. Wells, chairman of the Williams campaign committee, to-night issued the following:

Complete returns authorize us to claim John Sharp Williams's nomination by a majority of 1,450. We feel no doubt about Mr. Williams's election.

At the headquarters of Governor Vandaman, no statement will be issued except that the Governor will be elected by a small majority.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health.
